RULES FOR THE CONDUCT OF TRACKING TRIALS

INTRODUCTION

The idea of Tracking Trials is to encourage dogs to make use of their strongest faculty by emulating as closely as possible, the seeking and finding of a missing person while acknowledging that in the interests of a fair assessment, the tracks cannot be aimless wanderings more likely to characterize the trail of a lost person nor include the possible machinations of one deliberately trying to deceive any following dog. In all other ways sight should never be lost that it is a person being followed and every aspects of the track must relate to a person and, in the case of articles, must be items of personal possession. Where referred to in the Rules the words, Canine Control, shall mean the Controlling Body in each State or Territory of Australia.

Interpretation of these Rules should not be necessary, however should there be a need for individuals to seek clarification, application must be made by the Canine Control to the appropriate Committee of the ANKC, whose decision shall be binding.

DECISIONS

Decisions of the Committee of the Affiliate conducting a trial shall be subject to appeal to the Canine Control in the State or Territory in which the trial is conducted.

The Rules of the Canine Control shall apply to all Tracking Trials and to any Affiliate conducting the Tracking Trials and, in the event of inconsistency; the rules of the Canine Control shall prevail.

Any one taking part in a trial who openly impugns the actions or decisions of the Judge shall render himself liable to be debarred from further participation in the trial and may be ordered from the grounds and further dealt with at the discretion of the Canine Control.

REMOVAL OF A DOG

The Judge must order the removal and disqualification from all Trial Competition on the day any dog that attacks, and must lodge a report with the Canine Control.

The Judge may order the removal from competition of any dog which does not obey its Handler, any Handler who interferes wilfully with another competitor of a competitor's dog or whose behaviour is objectionable and must exclude from competition any dog which the Judge considers unfit to compete.

A dog may be withdrawn before or during judging with the consent of the Judge and must not take any further part in that that Tracking tests
